

Sex is a beast, and sometimes, monsters are sexy. What gay man hasn't dreamt of being swept into the arms of a hot vampire or longed to be hunted by a sexy werewolf? Have you ever lay on your bed jerking off wishing that an incubus would descend on you and finish the job? Horror movies and their creatures are often very homoerotic, but that subtext is usually left very sub-sexual. Men at Noon, Monsters at Midnight brings that sub-sex to the forefront. What would it be like to be a spirits lover? What if there were monster bars where creatures and their human admirers could hook up for some hot, horny monster sex? What if a vampire fell in love with a werewolf? Or a ghost had the hots for his buster? Imagine the sparks that could fly if a demon and a priest got it on. All this and more happens in Men at Noon, Monsters at Midnight, edited by Christopher Pierce, a must have in the Christopher Pierce collection. Here's hoping you enjoy howling at the moon!
